

# 11<sup>th</sup> International Conference on Urban Climate

28 Aug - 1 Sept 2023  
UNSW Sydney

**Dr. Lilly Rose. A**, Associate Professor from the Department of Architecture attended the **11<sup>th</sup> International Conference on Urban Climate (ICUC11)**, organized by the International Association for Urban Climate (IAUC) and the American Meteorological Society (AMS), held at the **University of New South Wales, Sydney, Australia** from **28<sup>th</sup> August to 1<sup>st</sup> September 2023** through CPDA Funds.

She presented two papers titled “Towards Achieving Climate Resilience in Medium Sized Cities: Application of Local Climate Zone (LCZ) Framework” and “Assessment of the thermal performance of a school building in temperate climate using passive retrofit strategies”.

She was also granted the “**World Meteorological Organization Travel Grant for Mid-Career Researcher**” at the ICUC11 conference.

Through the networking at the ICUC11 conference, an international collaborative workshop on “Climate & Urban Built Environment (CUBE) Research” has been proposed in collaboration with the “Centre for Built Environment Asset Management (BEAM)” Glasgow Caledonian University, Scotland.
